ANI (x) VÄX INFO

In the year '84 after christ. All Münster's doin bad music. All Münster? No! A little hardcore-band from the northern of the town doesn't stop to resist. This hardcore-combo came out of the ashes of two legendary early-Münster-punkbands, "Bethel-Kombo" and "Zürückgezogene Vorhäute" (Pulled-back foreskins!) "Bethel-Kombo" founded some time in 81 played on toys instead of having a real drumset. "ZV" existed since early 82 and had two gigs-one with Die Tote Hosen.-Until their name has forbidden by the cpps. Members of both bands founded ~~xxxxxxx~~ ANI (x) Väx, doin 2 or 3 rehearsals per week in the room of the other Münster band "R.A.F.G-ier" (forget'em!!) After some time their sound developed from pure noise to hardcorepogo! With a strong stress on good chorusses, fine melodies but also intelligent lyrics.

Ani (x) Väx are: Steve(16) on drums/Frunk(18) on guitar/Adam(18) shouter/Fast Gonzo(17) guitar/Zank(37) bass.

After some wild shows in the Münster-area, always in front of about 150 to 300 people, their first tape "Live auf Teneriffa" was released.

A C30 you can get for about 1,50 Dollars plus postage directly from the band. So far they sold about 180 copies!

The first out-of-town gig we had so far, was with STOSSTRUPP 4th July of July 1984 in Gütersloh. Other out-of-town gigs followed.

You can hear ANI(x)VÄX also on some tape-compilations (e.g. on D7W, Voll-suff 2, Brain of stone 2) and on the LP-Compilation released by the MORE FUN-Fanzine from Duisburg/Germany.

Although ANI(x)VÄX deal mostly with politics in their lyrics, in their lyrics, they also come to terms with subjects concerning punks. Only "Pseudo Hardcore" for example is a song about those dudes thinking they have to destroy anything at shows. Other lyrics, like in "Schock und Drama" deal with the methods of exploitation, in that case by the Rock-o-Rama-bods Herbert Egoldt.

ANI(x)VÄX biggest wish is ~~to~~ playing as a dance-band at a churchly wedding?

BY MAIL DURING
FEBRUARY

BROKEN PROMISES: How long have you guys been together?

ISMAEL: Dr. Know's been together almost 4 years. 4 years of noise, farts, & hamburgers.

B.P.: All original members? **I.H.:** Kyle & myself are original members. RICK is former singer turned drummer.

B.P.: What's it like in Oxnard? **I.H.:** There is not much to do here, no hangout, but the people here are cool, very few macho dicks.

B.P.: What are your major influences?

I.H.: As a band, Black flag, D.O.A., DISCHARGE, SCREAM, U.K. SUBS, BLACK SABBATH, THE WHO, JUDAS PRIEST & OF COURSE, Johnny "The man in black" CASH.

B.P.: What are your favorite bands?

I.H.: BLACK FLAG, D.O.A., BLACK FLAG, D.O.A., BLACK FLAG, D.O.A.

B.P.: How would you describe Dr. Knows' style of music? **I.H.:** Loud, fast, obnoxious, and a hope, interesting. **B.P.:** Any plans for another record?

I.H.: We'll have a new E.P. "BURN" out in late spring and hopefully a new album in summer. **B.P.:** Any plans for tours? **I.H.:** We're touring to the midwest in spring and the whole nation in summer, transportation permitting. **B.P.:** Whatever happened to the MENTORS, anyway?

I.H.: EL DUCE moved to the caribbean and heads a voodoo church in the Black Jungle of CONOBA JU PAGO, the rest of the band live at the CRASS ranch. **B.P.:** Has anybody in Dr. Know ever been in any other bands? **I.H.:** Rick was in a few classic garage bands here in Oxnard and has filled in for Agression, Ill REPUTE, & STALAG 13. Kyle is also a band slut and has filled in for Agression & CIRCLE ONE. I've been true to my band. **B.P.:** Do you have any new songs written? If so, are they in the same vein (lyrically & musically), or different? **I.H.:** sure we do, we're always trying to progress. Lyrically they're different, musically they're progressing, change for the better I hope. **B.P.:** What kind of shampoo do you use? **I.H.:** We don't use shampoo, what we do is mix dried bat wings, eye of newt and two skulls of infants who died in industrial accidents. We take the mixture and rub it all over our nude bodies while standing on a hill in a quaint NAROBi Village under a full moon. Then we shit on each others faces and pray for SATANS guidance. Make no mistake about the intent of DARK ANGEL on the world of heavy metal. There are so many so-called metal bands, that are nothing more than a bunch of posed musicians. Not so with this band. DARK ANGEL are headbangers dedicated to thrashing with the best of them. You won't find any posers in this band, that is what makes the band one to be reckoned with.

DARK ANGEL are one of the first L.A. bands to have enough guts to play true thrash metal. While the others call themselves thrash by wearing spikes and chains. They have no need for props in their stage show, they believe the music should carry the band live as well as on vinyl.

They are so intense, that there just aren't many bands that can follow their show. The challenge has been issued, but few are willing to accept.

DARK ANGEL started in the summer of 83, but they stayed in the background, watched the competition, and prepared themselves to destroy the enemy one by one. It's easy to say you're faster and heavier than anyone else, but these guys are out to prove it!

DARK ANGEL will release their debut album "We Have Arrived" in America on Azra/Metalstorm Records and in Europe on Axekiller Records.

This report contains the most important Dutch Hardcore bands. Lets begin in the north of Holland; the provinces Friesland and Groningen. In Groningen there are not so many bands, but here are some: Jetset started to play around 1980 and have released 3 tapes + (some) tracks on a Compilation EP & LP. They used to play very original; melodic; intense hardcore but now they only play a sort of experimental punk stuff which is very, very boring. Vacuum is a 3 piece band and they use a rhythmbox instead of a drummer. Have an original sound but not so powerful. Liveshows are funny but terrible because there's always going something wrong with the rhythmbox. They've got a LP out and are on a Comp. EP called: "Hatelijke Groenten" EP. Bloedbad is the only hardcore band left in Groningen. They exist for 2 years now and have 2 practice demos out. The earlier releases were a splittape with Jetset and some tracks on a Comp. LP, but all these songs are shit! (because it's very cliché, boring HC). After some member changes they began to play better; more powerful + more metallic!! Plans are an Europe tour and maybe an EP in July/Aug. if there's enough money left. They'll make for sure another (bad) tape before July. De Boegies is the last band from this city. They're Holland's premier funk band and have a LP out with 29 songs! ("Wij zijn Zwijn") All songs nearly concerning drinking % alcohol. Live, they are pretty funny (& great)! Like throwing things (sweets) off the stage in to the audience or using various strange tools for their songs. Before they released their LP they had a tape called "Lalend ten onder".

From another city in Groningen (Delfzijl) are the Mets and Ultra Kort. The Mets play a kind of thrashy poppunk and have released a tape + an 12" EP on their own label: Sabotage records. There will be soon a LP out by the Mets + Ultrakort (who play ultra-core). In Friesland there are only 2 bands I know. M.O.G. is one of them, and they play thrashy noise hardcore which is very simple (3 chords) they just released a splittape with the 2nd band called Murder Inc. III (+ they're on "Holland Hardcore vol. III"). Murder Inc. III plays medium to fast punk. The earlier Murder Inc. had a demotape out with a female singer.

Two other provinces in the East: Overijssel and Drenthe. From Meppel there were Zmir & Knox. Both bands don't exist any more because some members went totally into Heavy Metal. Anyway, my favorite Dutch band is Zmir and they've released an EP which was normal hardcore thrash. But after that they appeared with 3 kick-ass songs on the Comp. LP: "Als je haar maar goed zit nr.2". On this album they play fast metalcore with many influences of Iron Maiden (the guitarwork.) Knox was a very fast metallic chaoscore band with very stupid lyrics. But both bands split because 2 members, who both played in all 2 bands, went total HM and decided to stop playing. Well, as you can guess, both bands split... shit! Oh yes, both bands are on "Holland Hardcore no.1. tape". From Steenwijk there are Staxx (who just released a LP with Läem), and Glorious Death, the second band split, but Staxx still exist. They play very irritating, boring hardcore; very bad band (my opinion!) None of these guys can play an instrument... I think. Though, the tracks on the split LP aren't so bad at all...! But... don't see them live!!! Both bands are on "Holland Hardcore no.1". Then there are 2 Southern provinces: Gelderland & Limburg. Digasm is a band from Nonspeet. They play oi & punk (also some hc.) and I don't like oi-bands so much, but I saw them live some time ago and that was pretty good. They're on "Holland Hardcore no.3". Sesamzaad is from Zutphen and play for about 1 year now. The music is melodic hardcore (they say...), but I think it's still that simple & boring. They're on "Holland Hardcore 2". (Next time I'll short these comp. tapes to FI/II or III, OK?)

PART TWO
NEXT TIME

WE'RE A 4-PIECE BAND TOGETHER FOR ABOUT 2 YEARS. WE HAD SOME MEMBER-CHANGES LAST MONTHS LIKE A NEW VOCALIST & DRUMMER. AFTER THE FIRST CHANGE WE GAINED ANOTHER SOUND WHICH IS MUCH BETTER & MORE METALLIC. IN THE BEGINNING WE RELEASED A SPLIT-TAPE WITH JETSET & SOME TRACKS ON A COMPILATION LP (WITH 3 OTHER GRONINGEN BANDS) WHICH ARE VERY BAD MIXED (THE RECORDINGS OF US). ALL TRACKS FROM THE TAPE & LP ARE VERY CLICHE' boring H.C. THE MUSIC IS VERY SIMPLE & THE LYRICS ARE SHIT. AFTER THE MEMBERCHANGE OF AUG. 84, WE MADE 2 NEW SONGS & RELEASED OUR 1ST PRACTICE DEMO TAPE WHICH IS OF VERY GOOD SOUND QUALITY AND THE MUSIC IS MUCH BETTER. AFTER THIS TAPE WE MADE ANOTHER ONE (WITH SOME LIVE CUTS) BUT THE SOUND QUALITY ISN'T AS GOOD. SOME WEEKS AGO WE DECIDED TO GET ANOTHER DRUMMER BECAUSE OUR LAST

(CONT'D NEXT PAGE)

BLOEDBAD CONT'D

ONE WAS TOO LAZY. NOW WE'VE GOT THE DRUMMER FROM JET\$ET (AN EXPERIMENTAL PUNK band) FROM GRONINGEN (ALTHOUGH HE STILL PLAYS IN THIS band) WE'LL FIRST HAVE TO MAKE A BUNCH OF NEW SONGS & PROBABLY WE WILL MAKE A 3RD TAPE before JULY '85

WE'RE planning to make an Europe TOUR in JULY '85 CROSSING countries like DENMARK/GERMANY/ITALY & YUGOSLAVIA (& probably a gig in PARIS) IF THE TOUR will be good & FUN, MAYBE there's chance for an E.P...! OUR LINE-UP IS

MICHEL-BASS/MICHAEL-VOCALS/HERMAN-DRUMS/

ROB-GUITAR. OH YEAH

MICHEL plays also in a REGGAE band AND HERMAN plays in JET\$ET

AND MICHAEL plays in a METAL band (RHINOCEROS or something.) + ANOTHER H.C. band (dunno the name...)

CORROSION OF CONFORMITY - "INTERVENTION, PRAYER" - These are two songs that will be on the upcoming "ANIMOSITY" LP DUE OUT SOON AND they blow EYE FOR AN EYE TO HELL! BASSIST/VOCALIST MIKE DEAN HAS A great voice that PUTS ERIC EYCKE to SHAME & WOODY WEATHERMAN (guitar) and Reed Mullin (drums) are tighter than ever before. DON'T LEAVE THE HOUSE AND WAIT FOR C.O.C.'s new LP. YOU'LL BE GLAD YOU DID.

SLAYER - "HELL AWAITS, NECROPHILIAC, PRAISE OF DEATH, Kill Again" - I really wanted to review the "HELL AWAITS" LP, but that FUCKERS NOT OUT (SHOULD BE BY THE TIME YOU READ THIS) BUT these songs are SO great I COULDN'T help it. "HELL AWAITS" starts off slow and grinding and evolves into the fastest(?) SLAYER song ever! These guys are just fuckin' incredible! "NECROPHILIAC" is next and is my favorite SLAYER tune right now with its FEROCIOUS pace and SUPERIOR guitarwork by JEFF Hanneman & KERRY King (who have gotten 1000 TIMES faster & HEAVIER SINCE "SHOW NO MERCY"). "PRAISE OF DEATH" is a TYPICAL SLAYER THRASHER OF ALL AROUND GREATNESS that'll have you writhing in buckets & buckets of your own pagan blood until "KILL AGAIN" tears out your bones & nerves one by one, leaving only your maggot-eaten ribcage to rot & DECAY. WELL, YOU HAVE BEEN WARNED, I HAVE TO GO NOW, SO I CAN CLEAR OFF A PLACE ON MY ALTAR FOR MY COPY OF "HELL AWAITS".....

"O.S.L", "BAN THE BOMB", "HIPPIES", "BOREDOM", & "CRUCIFY THE POPE" ARE JUST A FEW TITLES (OUT OF 22!) THAT ALL KILL! LÄRM ALSO HAVE OUT AN LP WITH STÄNX (ANOTHER DUTCH H.C. BAND)

PILEDRIVER - METAL

INQUISITION LP

THIS IS THE 1ST RELEASE BY CANADA'S PILEDRIVER, A DEATH-TYPE BAND THAT USE ULTRA-HEAVY RIFFS AND POWERFUL DRUMMING TO BLOW AWAY THEIR LISTENERS. THOUGH FAR FROM THRASH, THIS LP PACKS A PUNCH JUST THE SAME. 'METAL INQUISITION' IS THE 1ST TRACK AND ALTHOUGH A GOOD SONG WITH A EXTREMELY CATCHY CHORUS, IS NOTHING SPECIAL. 'SEX WITH SATAN' IS NEXT AND IS, IN MY OPINION, THE BEST SONG HERE. AFTER A MEGA-HEAVY BEGINNING YOU EXPECT THIS ONE TO TAKE OFF AT 100 MPH. BUT WHEN IT DOESN'T YOU'RE NOT DISSAPPOINTED COS THIS SONG RULES! DOOMY GUITARWORK BY BUD SLAKER AND 'KNUCKIES' AKIMBO BRING US TO THE LP'S 2ND BEST TRACK, 'SODOMIZE THE DEAD' WHICH IS A FASTER, DOUBLE BASS ATTACK. THIS SIDE ENDS WITH 'WITCH HUNT' WHICH IS ABOUT 7 MINUTES LONG AND VERY REPITITIOUS. I CAN'T GET THAT DAMN CHORUS OUT

OF MY HEAD! SIDE TWO BEGINS WITH 'PILEDRIVER' A GOOD POUNDING NUMBER THAT SHOWCASES SINGER 'PILEDRIVER'S' GRUFF BUT TUNEFUL VOCALS. 'HUMAN SACRIFICE' KINDA SOUNDS LIKE A HEAVIER RAVEN AT TIMES AND GRINDS ALONG AT A MEDIUM PACE WITH ITS CLASSIC CHORUS: "I FEEL LIKE A HUMAN SACRIFICE, I FEEL LIKE, WELL, LIKE I'M GONNA PUKE!" AFTER A STUPID INTRO, 'ALIEN RAPE' KICKS IN AND CRUISES ALONG, AGAIN, NOT REALLY FAST, BUT BONE CRUSHING. BUY THIS ALBUM AT YOUR OWN RISK. RECOMMENDED FOR RUNNING WILD, METAL CHURCH FANS. OH YEAH, I ALMOST FORGOT, ALL YOU WIMPY FUCKIN ASSHOLES WON'T LIKE IT.

The First Corpse Arises

Every label, magazine and fan has tried to avoid Blood death but soon you won't be able to avoid this death. What would you call a band too heavy to be called power metal and too fast to be called punk?..

Well-o infernal thrashers,

BLOOD DEATH

BLOOD DEATH

I am Blood Destroyer The beast who supplies the destroying death bass and hardcore thunder growls for the most thrashing rage metal band around: Blood Death. Blood Death was formed in August 84 when I (Blood-Destroyer) met two other thrashers who were into the same metal as myself (Sodom, Iron Angel, Possessed, Hellhammer, and Slayer). When I met these two Thrashers I also found out that we had other things in common including Satanism, Necromancy, and an insatiable craving for poser's blood. After this encounter in the graveyard these two Blood cravers became known as Blood Rager who kills posers with his overkill thrashing death axe and Blood Thrasher who is the skull crushing death pounder. Blood Death is planning a lot of destruction for the world. If Blood Death is not going to be picked up by any record label we are planning to release a self financed album entitled "Death To Posers" or "Death is Our Destiny". Which of course will be followed by "Blood Tour" which will be the first time Blood Death will play live. The highspeed track listing for the album will be:

- | | |
|---------------------|-------------------------|
| 1. Angels of Hate | 1. Twisted Cross |
| 2. Speed Kills | 2. Witches Curse |
| 3. Megathrash | 3. Black Metallic Death |
| 4. Raging Torture | 4. Dogs of War |
| 5. Militia of Blood | 5. Hell's Beast |
| 6. Rotting Corpse | 6. Coven of Sin |
| 7. Satan's Torment | |
| 8. Poser's Suck | |

Blood Death is hoping to gain a large frenzied legion of raging, thrashing, slamming, stage diving, killers.

Founded out of the ruins of the legendary/notorious HELLHAMMER, CELTIC FROST is surely one of the heaviest mayhem/trash metal bands ever!

CELTIC FROST's lyrics deal with the Supernatural, the Esoteric and the Occult.

Songs like "Dawn Of Meggido",

"Into The Crypts Of Rays", "Dethroned Emperor" or "Circle Of The Tyrants" proof that CELTIC FROST (can) stand 100% behind their material. The "Morbid Tales" mini-LP on Germany's NOISE label was the bands debut vinyl release (after one mini-LP under the HELLHAMMER-banner, "Apocalyptic Raids"). This vinyl-trasher contains six pieces of total Death Metal...and it's just the beginning...! Expect CELTIC FROST's debut LP ("To Mega Therion") in spring 1985, also (a bit later) a 12" four track EP, called "Circle Of The Tyrants". Death Metal at it's best!

"TO MEGA THERION" LP BY CELTIC FROST

CF's first LP, "To Mega Therion" will be recorded for NOISE RECORDS in Spring '85.

"Morbid Tales" session-drummer Steve Priestly has broken his contracts with the band and has left them some weeks after the Autumn recording-sessions. CELTIC FROST had to cancel several gigs and the original recording date for their debut LP.

The reason for all that seems to be the usual musical differences, but we here really can't understand Steve's reasons (so does the band).

Together with METALBLADE RECORDS, P.D.P./M. is currently looking for a permanent drummer in the U.S. to join CF.

Some brandnew songs to appear on CF's LP are "Circle Of The Tyrants", "Silent Excess" and "Visual Aggression", all written by Tom Warrior.

"EMPEROR'S RETURN" 12" EP AND OTHER FUTURE VINYL RELEASES BY CELTIC FROST

Originally planned as "Circle Of The Tyrants" EP, CF will release a four-track EP shortly after their debut LP has seen the light in late Spring '85. The 12"er will now be called "Emperor's Return" and it'll include two tracks which were recorded during the "Morbid Tales" sessions ("Morbid Tales" and

DEATH

DEATH was formed 9 months ago under the name MANTAS. The MANTAS lineup consisted of: Kam Lee, Drums, **Vocals**, Chuck Schuldiner **Lead/ Rythm guitar**, Vocals, Rick Rozz, Lead/Rythm guitar. They have not been able to find a bass player who would play DEATH METAL; if anyone is interested in playing bass, and can sreeem and growl lead vocals, please call 305-331-7255 and ask for Chuck or write Chuck at 609 E. Citrus St. Altamonte Springs, Fl. 32701. Under the name MANTAS, they immediately started writing originals influenced by such bands as SLAYER and VENOM, but still remained with a style of their own. After four months of song writing, MANTAS put out a demo entitled "DEATH BY METAL". This sold very well and got MANTAS known as a total DEATH/BLACK METAL band.

A couple of months later, MANTAS broke up. Soon after, they re-formed (same members) undre a new name, DAETH. Once back together, DEATH began writing material that was much faster, HEAVIER and more complex than that of the MANTAS days. DEATH has played a few gigs around the Central Florida area, and has just released a Live tape containing 13 songs of Mercyless Hardcore Death Metal. DEATH plans to tour very soon and hopes to get signed in the near future.

If interested in obtaing the "DEATH BY METAL" demo, then send \$5.00; and now available "DEATH LIVE" for \$6.00. Please make all checks payable to John Gross.

HIRAX FROM LEFT TO RIGHT:
GARY MONARDO, KATON W. DE PENA,
JOHNNY TABARES, SCOTT OWEN.

The members of HIRAX have been playing on and off in California under different names (L.A.KAOS, K.C.B.). 1984 saw the birth of HIRAX, but with a different line-up. HIRAX' music can be described as heavy power-metal with a melodic touch. They are very energetic and original.

**HORROR!!!!
BEYOND THE
BOUNDS OF
HELL!!!!!!!**

There is a four track demo-tape available (Directly from HIRAX, but also from Prowlin' Death Promotion/Management: PDR 009) which will give you a taste of what to expect from HIRAX in the future. The line-up on the demo was Bob Savage (Guitars) and Brian Keith (Drums) and, of course Katon (Vocals) and Gary (Bass). Since the recording of this tape, HIRAX became a lot heavier and faster. Newest tracks like "Destroy", "Kill To Live", "Evil Forces" etc. show: there will be even more energy on HIRAX' next product! The HIRAX demo (titled "HIRAX") contains: "Born In The Streets", "Battle Cry", "Stand And Be Counted" and "Believe In The King". This band adds power and class!

LATEST HIRAX NEWS:

HIRAX are getting heavier and HEAVIER!! They supported DARK ANGEL in November '84.

Newest HIRAX material

includes "Blitzkrieg Air Attack", "Blood Bath", "Destruction And Terror", "Executed" etc.

Since they joined P.D.P./M. in October, they are pushing the band into the total hardcore scene deeper than ever before.

Expect a new HIRAX demo or even some HIRAX vinyl (an LP is planned) in the near future! It'll surely be a total killer! In the meantime, P.D.P./M. has released a brandnew HIRAX biography with pix (P.D.P./M. SR 014).

ENGLAND

GREETINGS TO YOU ALL! HERE'S THE FIRST ENGLISH THRASH REPORT OF what's going on here at the moment. On the new band front, ONSLAUGHT, CURSEIFIX, GENERAL DISASTER, ANTICHRIST (my band), have their demos out and all are guaranteed to make your FUCKING ears bleed in pain! GENOCIDE ASSOCIATION. From NOTTINGHAM have just released their brain crusher OF an E.P. called 'KILL FUCKIN WIMPS' BUY OR DIE!! UNFORTUNATLY that is the last release of the current G. ASSOC. line up as the guitarist & VOCALIST are now with ANTICHRIST. OTHER bands to LOOK out for are DEATHWISH, WOLFBANE, ENGLISH DOGS (who have just released a KILLER EP 'TO THE ENDS OF THE EARTH'). SLAYER are expected to play here in FEB/MARCH. WE WAIT in hope. ALSO MERCYFUL FATE & EXCITER are also due. ON FRIDAY 1st MARCH THE ROYAL STANDARD PUB in LONDON will be holding the first DEATH METAL NIGHT with a UK band called 'NO MERCY' playing. That band I don't know much about as their demo is impossible to get, BUT I hope to interview them on that night. 'CONT'D NEXT PAGE'

ANTICHRIST will be playing some gigs with GENOCIDE ASSOCIATION soon also. WELL That's About it for now - if you're interested in getting a copy of the ANTICHRIST demo (guaranteed to kill you!) or any of the other bands mentioned send a blank tape and I.R.C.'s for \$180 (airmail) and I'll tape stuff for you.
